Re: 28147

I, JOSEPH E. KNIGHT, do hereby certify that I am Secretary of the Illinois Commerce Commission of the State of Illinois and keeper of the records of said Commission.

I further certify that the above and foregoing is a true, correct and complete copy of order made and entered of record by said Commission on the 11th day of October, A. D. 1939.

Given under my hand and the seal of said Illinois Commerce Commission at Springfield, Illinois, this 14th day of October, A. D. 1939.

JOSEPH E. KNIGHT

Secretary

(SEAL)

of the 4th P.M. THE SECRETARY

STATE OF ILLINOIS

ILLINOIS COMMERCE COMMISSION

Interstate Light & Power Co. :

Application for a certificate
of convenience and necessity to
construct, operate and maintain :

an extension of its electrical
distribution system in Menominee
Township, Jo Daviess County,
Illinois. :

28147

CERTIFICATE OF CONVENIENCE AND NECESSITY

WHEREAS, the Interstate Light & Power Co.

, hereinafter referred to as the petitioner is a
corporation duly organized and existing under the laws of the

State of Illinois and is engaged, among other things, with
charter powers so to do, in the business of distributing and
selling electricity to the public in various municipalities
and places in the State of Illinois, and as such is a public
utility, subject to the jurisdiction of this Commission; and

WHEREAS, the said petitioner has made application to
this Commission for a certificate of convenience and necessity
to construct, operate and maintain certain extensions of its
lines and facilities and to transact an electric public utility
business in connection therewith, as hereafter more particularly
described; and

WHEREAS, this Commission by order duly entered in the
above entitled cause has authorized the issuance of a certificate
of convenience and necessity for (1) the construction, opera-
tion and maintenance of approximately .91 of a mile of 6900 volt
electric line extension along a route described as follows:

Build an electric rural line extension from existing line now
located in the northeast 1/4 of Section 19 in a southeasterly
direction into the southwest 1/4 of Section 20, all in T29N, R1W
of the 4th P.M., Jo Daviess County, all as shown on a plat marked
Exhibit A attached to the application in this case; and

28147

(2) the transaction of an electric public utility business in the territory adjacent to, but not exceeding a distance of one-half mile from, the electric facilities hereinbefore described; now therefore

IT IS HEREBY CERTIFIED that public convenience and necessity require the construction, operation and maintenance of the aforesaid lines and facilities and the transaction of an electrical public utility business, all as hereinbefore described.

THIS CERTIFICATE is granted by the Illinois Commerce Commission to the aforesaid petitioner pursuant to the provisions of Sec. 55 of "An Act Concerning Public Utilities", as amended, and by virtue of an order of this Commission hereinbefore referred to and duly entered in this cause on this 11th day of October , 1939 and subject to the terms and conditions of the said order.

By the Commission O. H. D. E. B.

By the Commission as follows:

May 2, 1946, Interstate Light and Power Company hereinafter referred to as the petitioner, filed its application in the above matter. Pursuant to notice as required by law and by the rules and regulations of this Commission, the matter came on for hearing before a duly authorized officer of the Commission at its offices in Chicago on May 15, 1946. At the said hearing appearance was entered by the petitioner.

The Commission having given due consideration to the petition, to all of the evidence both oral and documentary, and being fully advised in the premises is of the opinion and finds:

- (1) That petitioner is a corporation duly authorized to engage in the distribution and sale of electricity to the public in the State of Illinois; that petitioner makes application in this case for a certificate of convenience and necessity to construct, operate and maintain an extension of its facilities as hereinafter set forth and described; and that by reason of the foregoing the Commission has jurisdiction over petitioner and the subject matter herein;
- (2) that said petitioner now furnishes electric service in the territory adjacent to that proposed herein, and that the additional territory proposed to be served is now without electric public utility service, and that there is need and demand for such service in said additional territory;
- (3) that pursuant to the rules and practice of this Commission proper notice has been given to all public utilities whose tracks or wires will be crossed or paralleled by the facilities herein proposed;
- (4) that the facilities herein proposed will make electric service available to new customers and that the businesses now present and reasonably prospective in the territory to be served, will, in accordance with accepted practice, justify the construction costs;

- (5) that the construction, operation and maintenance of the facilities herein described will promote the public convenience and is necessary thereto; and
- (6) that a certificate of convenience and necessity should be granted to the aforesaid petitioner for the construction, operation and maintenance of the aforesaid facilities and the transaction of an electric public utility business in connection therewith.

IT IS THEREFORE ORDERED that a certificate of convenience and necessity be, and it is hereby, granted to the Interstate Light and Power Company for (1) the construction, operation and maintenance of approximately 2.56 miles of 6900 and 4000 volt electric line extensions along routes described as follows:

Line Ext. #1. Beginning at a point on petitioner's existing line at the intersection of public highways in the east half of fractional Section 17, T29N, R1W of the 4th P.M., JoDavless County; thence southeasterly along a public highway approximately 1.3 miles; also beginning at a point on the proposed line near the center of the east line of Section 20, same township and range, thence southwesterly approximately .6 of a mile.

Line Ext. #2. Beginning at a point on petitioner's existing line at the intersection of public highway with the east line of Section 28, T29N, R1E of the 4th P.M., JoDavless County; thence south and east over private property approximately .64 of a mile.

All as shown in red on plats marked Exhibit A and B attached to the application in this case; and

- (2) the transaction of an electric public utility business in the territory adjacent to, but not exceeding a distance of one-half mile from, the electric facilities hereinbefore described; and such certificate shall be issued under the seal of this Commission and authenticated by its Secretary, all pursuant to the provisions of Sec. 55 of "An Act concerning public utilities", as amended.

The foregoing certificate is granted upon the express condition and provision that authority or permission to use the lands to be occupied by the above described facilities shall be secured from landowners and/or public authorities as and where required by law.

In the construction and operation of the aforesaid facilities and in the rendering of service therefrom, attention is directed to the requirements of General Order 115, establishing rules for overhead line construction, General Order 65, establishing

standards of service for electric utilities, General Order 100, establishing rules for electric service in rural districts, and Sections 33, 34 and 35 of the Illinois Commerce Commission Law in respect to the filing, posting and publishing of rates, charges and rules and regulations for public utility service.

By order of the Commission at Springfield, Illinois,
this 21st day of May, 1946.

I am Secretary of the Illinois Commerce Commission
of the State of Illinois and do hereby certify the contents
of said commission.

(SEAL) I do hereby certify that (Signed) JOSEPH F. GUBBINS,

is the true, correct and complete copy of
